

Dan Garrette

dhgarrette@gmail.com

<http://dhg.ai>

EDUCATION

The University of Texas at Austin, Austin, TX

Ph.D., Computer Science

Aug 2009 - Apr 2015

Advisors: Jason Baldridge and Raymond Mooney

Illinois Wesleyan University, Bloomington, IL

B.S., Computer Science, *with Research Honors*

Aug 2003 - Apr 2006

Minor: Cognitive Science

(completed in 3 years)

SELECTED RESEARCH EXPERIENCE

Google Research, New York, NY

Senior Research Scientist

Nov 2019 - Present

Research Scientist

Oct 2016 - Oct 2019

· Machine learning and natural language processing.

University of Washington, Seattle, WA

Post-Doctoral Research Associate. Supervisor: Luke Zettlemoyer

May 2015 - Oct 2016

· Semi-supervised/low-resource learning for NLP.

University of Texas at Austin, Austin, TX

Research Assistant. Supervisor: Jason Baldridge

Aug 2011 - May 2015

· Learning NLP models from varieties of weak supervision.

Research Assistant. Supervisors: Katrin Erk and Ray Mooney

Aug 2009 - Aug 2011

· Unifying logical and distributional semantics for natural language inference.

Google, Mountain View, CA

Intern

May 2013 - Aug 2013

· Machine learning and natural language processing research for Google News.

University of Maryland Institute for Advanced Computer Studies, College Park, MD

Research Assistant. Supervisor: Philip Resnik

May 2012 - Aug 2012

· Bayesian models of syntactic framing in political writing.

SELECTED PUBLICATIONS

INVITED TALKS

- *University of North Texas*. “Unsupervised Modeling for Historical Document Transcription”. Feb 2018.
- *NEH Reading the First Books Symp.*. “How to get a computer scientist involved in your DH project”. May 2017.
- *Ohio State University*. “Exploiting Universal Grammatical Properties to Induce CCGs”. March 2017.
- *Google Research*. “Exploiting Universal Grammatical Properties to Induce CCGs”. August 2016.
- *Amazon*. “Exploiting Universal Grammatical Properties to Induce CCGs”. August 2016.
- *Apple*. “Exploiting Universal Grammatical Properties to Induce CCGs”. August 2016.
- *Lawrence Livermore National Lab*. “Exploiting Universal Grammatical Properties to Induce CCGs”. August 2016.
- *Allen Institute for AI*. “Exploiting Universal Grammatical Properties to Induce CCGs”. August 2016.
- *University of Edinburgh*. “Learning CCGs from Weak Supervision”. June 2016.
- *Workshop on Multilingual and Crosslingual Methods in NLP (at NAACL-2016)*. “Unsupervised Modeling of Code-Switching and Orthographic Variation”. June 2016.
- *Microsoft Research*. “Unsupervised Modeling of Code-Switching and Orthographic Variation”. May 2016.
- *University of Washington*. “Learning CCGs from Weak Supervision”. February 2015.
- *Carnegie Mellon University*. “Learning CCGs from Weak Supervision”. April 2014.

ACADEMIC SERVICE

Conference reviewing: ACL, EMNLP, NAACL, EACL, ACL Rolling Review, COLING, and various workshops.
 Senior Area Chair: NAACL-2022 (Multilinguality).
 Area Chair: EMNLP-2021 (Multilinguality), NAACL-2021 (Multilinguality), COLING-2018.
 Journal reviewing: TACL, Computational Linguistics, Language Resources and Evaluation.
 Conference website developer: IWCS-2013.
 UTCS Admissions Committee – Master’s Degree Program, Spring 2015.

SELECTED OPEN SOURCE PROJECTS

Numerous projects at <http://github.com/dhgarrette>

- | | |
|--|-------------|
| Natural Language Toolkit (NLTK) – http://www.nltk.org/
· Toolkit for natural language processing in Python.
· Authored most <i>semantics</i> code: first-order logic, λ -calculus, DRT, inference, etc. | 2007 - 2010 |
| Ocular – https://github.com/tberg12/ocular
· State-of-the-art OCR system for transcribing historical texts.
· Authored extensions/features used in our publications. | 2014 - 2017 |

HONORS AND AWARDS

Graduate

Best Talk Award Finalist, NAACL-2013
 National Defense Science and Engineering Graduate Fellowship (NDSEG) - 2010-2013
 Student Travel Grants: EMNLP-2012, CoNLL-2014

Undergraduate

Alumni Academic Scholarship
 Jennings Music Scholarship
 Upsilon Phi Epsilon - Computer Science Honor Society
 Dean's List - 6 of 6 semesters

OTHER SELECTED PROFESSIONAL EXPERIENCE

Accenture, Chicago, IL

Consultant Sep 2008 - Aug 2009

- Served as one of four committers to the open-source Spring Batch framework.
 - Designed and developed new functionality. Identified and fixed bugs.
 - Wrote reference documentation and answered questions on the public forum.
- Assisted Accenture projects as a Subject Matter Expert for Spring Batch.
- Designed Spring Batch training curriculum and led on-site training in the US and India.
- Wrote documentation on Accenture's approach to Java development for use company-wide.
- Certified by Accenture as a Technology Architect.

Analyst May 2007 - Sep 2008

- Developed large-scale applications in Java.
- After just four months, was made a sub-team leader, formally leading a group of developers.
- After 15 months, promoted to Consultant. (Normal requirement is 2 to 3 years).

SELECTED TEACHING EXPERIENCE

The University of Texas at Austin

Instructor, *Natural Language Processing* Fall 2013

- Upper-division undergraduate Computer Science and Linguistics course.

The United States Peace Corps

Volunteer, Ghana, West Africa 2006 - 2007

- Taught math and English in an underperforming rural junior secondary school.
- Planned and taught HIV/AIDS presentations in rural communities and schools.

Illinois Wesleyan University

Teaching Assistant 2004 - 2006

- Courses on algorithms (in C and Haskell), data structures (in C), and computer architecture.

ACTIVITIES

Post-Graduate

Seattle ScienceSlam - Presenter: *Learning to read 16th century books* (Voted **Best Talk** of the event) Jan 2016

Graduate

Organizer of the Natural Language Learning reading group 2011 - 2015

Undergraduate

John Wesley Powell Student Research Conference - Presenter
 Symphonic Winds - Member, Percussion Section Leader for 5 semesters
 Civic Orchestra, Opera Orchestra, Titan Band, Percussion Ensemble - Member
